Roli Books |
 160 pages | Rs 1,495

This variety of portraits and landscapes from acclaimed economist Deepak Nayyar is a personal selection of the author’s photographs over four decades. Emeritus Professor of Economics at Jawaharlal Nehru University and Honorary Fellow of Balliol College, Oxford, Nayyar is also Distinguished Fellow at the Centre for the Study of Developing Societies, New Delhi. Ranging from Mexico City and Moscow to Samarkand and Jodhpur, his black-and-white and colour images trace his many journeys through the world, as do his portraits of people from all walks of life. Regular folk, unusual faces, exotic landscapes and different monuments add to the varied perspectives represented here.
